BUSY DAY.

Railroads Are Handling Picnics and Excursions.

Saturday was a day of excursions for Akron, and train despatchers on the roads leading out of the city have moved uneasily in their chairs more than once, at the problem of handling excursions and regular business over the same tracks.

The Moulders of the Taplin, Rice and Co.'s shop went to Cottage Grove, on the C. T. & V.
Several hundred friends and employees of the Enterprise Manufacturing Co. went to Brady's lake over the Erie. The C. & P. division of the C. A. & C. brought three train loads of people to Silver lake for an outing, from all along the line.

M. O'Neill & Co. have just purchased the entire stock of the Akron Shoe Co., through the receiver, Mr. Nic. Huber, and put a large force of clerks at work arranging the stock for sale, announcement of which will be made in a day or two. They also offer for sale of safe, settees, shoe sewing machine, cobbler's bench, mirrors and other fixtures.

DIED AT CHICAGO.

Grandson of Judge N. D. Tibbals Buried Here.

Jack Tibbals, aged 1 year and 3 months, son of Mr. and Mrs. Newell S. Tibbals, of Chicago, and grandson of Judge N. D. Tibbals, died Friday in Chicago, of cholera infantum.

The remains were sent to Akron, arriving here Saturday morning. Funeral services and interment were in Glendale cemetery. Mr. Newell Tibbals was formerly a letter carrier on the Akron force.

It Dazzles the World.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's severest tests have been on hopeless victims of consumption, pneumonia, hemorrhage, pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For coughs, colds, asthma, croup, hay fever, hoarseness and whooping cough it is the quickest, surest cure in the world. It is sold by all druggists, who guarantee satisfaction or refund money. Large bottles 50c and \$1. Trial bottles free.

Mile. Leroy, the Balloonist.

The reigning sensation of the day at Summit Lake park, one solid week, every night commencing Monday, July 22. In the most perilous mid-air flights every witnessed. She is positively the only lady who has successfully accomplished the daring feat of ascending in a balloon at night amid a grand display of fire works from the clouds 3,000 feet above the earth, and descending to the earth, her floating parachute of red fire. Truly a startling and sensational spectacle, worth going miles to see.

WHAT TWO CENTS WILL DO.

It will bring relief to sufferers from asthma, or consumption, even in the worst cases. This is about what one dose of Foley's Honey and Tar costs. Isn't it worth a trial?

Washington, July 20.—(Spl.)—The efforts of the quartermaster's department of the army to obtain a khaki dye for shirt material which would withstand a very rigorous perspiration test have finally met with success.

It is expected that the khaki shirt will soon be issued to replace the blue flannel article now worn.

FOSBURG

Murder Trial Has Begun.

Interest Exhibited Is Keen.

Fosburg Family, Including Prisoner,

Live at Hotel—Lack of Sensational Developments.

Pittsfield, Mass., July 20.—(Spl.)—John C. Crosby, assistant counsel for the state, in the trial of Robert S. Fosburg, accused of the manslaughter of his sister, May, on the morning of Aug. 20, 1900, told your correspondent today that the case of the prosecution would undoubtedly be finished Monday. "We have but a few more witnesses," he said, "but they are important ones."

This means that the sensation of the trial will be sprung when James Fosburg will be called to the witness stand by the state and examined as to the events of the tragic night.

Beatrice Fosburg, too, will be called for the state. The girl admits that she was one of the first on the scene and saw her sister fall. The state claims that she told the officers that she saw her brother standing in front of her sister and that she herself was behind her. The state also claims that Robert Fosburg in his stories, said that he was behind his sister when she fell and the hope of District Attorney Hammond is to make the discrepancies prominent.

Neither James nor Beatrice fear the ordeal. They have said repeatedly that they would like to tell their stories on the stand and that they do not fear the batteries to be directed against them by the state. If the state finishes Monday it is likely that the case will go to the jury some time Tuesday.

All the evidence thus far introduced by the state has been merely circumstantial. The state sought to establish that May Fosburg was shot with a revolver held not over eight inches from her breast. The state also has attempted to disprove the burglar theory by showing that burglars could not have escaped from the house by the window alleged by young Fosburg.

The entire Fosburg family, including the accused man, live at the Wendell, and appear regularly at meals. Friends call daily. Apparently no one feels the effects of the trial.

The warning of Judge Stevens, in which he said that newspapers would be brought into contempt unless they were very careful, prevented much comment on the case.

Today principles and witnesses are resting and waiting for Monday.

The lack of sensational developments has disappointed those attending the trial.
